

Tube Fittings & Adapters

Brennan Industries, Inc.'s steel and stainless steel 37° flare tube fittings meet all design and performance requirements for 37° flare tube fittings in Standard J514 published by the Society of Automotive Engineers (SAE). This design was originally founded as a JIC (Joint Industrial Council) design and was later adopted by the SAE to assure dimensional interchangeability between various manufacturers worldwide.

Brennan also offers a wide variety of pipe fittings and adapters including straight thread adapters, male and female pipe fittings, male to female pipe adapters and straight thread to pipe adapters.
