

Cam and Groove

EZ Boss-Lock Handles

Size	Stainless Steel Part #	Price/E
¾" - 1"	RHEZ175	\$19.85
1¼" - 2½"	RHEZ152	22.95
3" and 4"	RHEZ34	35.70

- Investment cast stainless steel cam arm and lever
- 316 stainless steel spring
- Stainless steel pin, washer, plated carbon steel pull ring

Under no circumstances should the EZ Boss-Lock cam arms be used on any fitting not specifically produced for their use. The aluminum, brass and iron are made from sand castings. To ensure proper functioning of the EZ Boss-Lock cam arm assemblies, we sort the castings to ensure there is sufficient length and orientation on the lugs on the main casting to engage the lever. We also buff or grind the rougher sand cast surface to ensure that the lever will move freely. **The EZ Boss-Lock cam arms cannot be retrofitted onto existing aluminum, brass or plated malleable iron Boss-Lock already in service.**

Bayco Replacement Cam Arms and Handles

For Bayco couplers only
