

Adjust-A-Power Nozzle

Makes a wonderful mop-up nozzle. It produces 50% more power than twist nozzles. Gasketed from inlet to tip, it cannot leak like conventional nozzles, and does not require a washer. Three stainless steel ball bearings in the adjustable tip offer complete shut off, to ultra powerful pinpoint stream, to heavy spray pattern, to a solid jet stream or any setting in between. Only adjustable hose nozzle with Solid Jet Stream. Ideal for patio, auto and boat, driveway and garden. Leave nozzle in the open position when not in use. **It is designed for minimum water usage and maximum water velocity.**

- Brass and stainless steel
- For use up to **100 PSI** (water only)
