

Checkmate Retain Overfill System 2-Wire Black and White

Dixon is proud to introduce Checkmate with advanced automatic self-checking technology and performance enhancing features not found in any other system!

The FloTech Checkmate has a long list of features that greatly improve reliability and provide years of trouble free service. Checkmate is compatible with the Scully brand black and white two-wire, overfill and retain system. The components are drop-in replacements and compatible with the signal format required by Scully brand on-board monitors.

FT208 Checkmate Retain / Overfill Monitors

- Easy to follow programming guide for a maximum of eight compartments "top only" or "top and bottom" service with the same monitor
- Monitor can be programmed up to 100,000 times without sending it back to the factory
- Monitor resists oxidation of wire connections
- Stainless steel terminal blocks resist rusting of contacts
- Stainless steel hardware used on all products
- Powder coated color matched components for exceptional appearance
- Auxiliary input for Hobbs type switches
- Power control relay output
- Drop-in compatibility, see compatibility chart on pages 14 and 15
- Factory Mutual and Canadian Standards Association approved
- Wide input power 12-24 VDC
