

INSTAPOWER™ (FLEXTEN® CLASSICAL)

Part No: 84310

84	Top Width in Eighths of an Inch
31	Length in Inches
0	Tenths of an Inch
A29F - Equivalent Classical Size	

APPLICATIONS

Delivers high performance consistently in lawn and garden drives up to 20 horsepower. Also ideal for other power equipment where reverse bend idlers, misalignment, and quarter-turn drives cause ordinary belts to fail.

KEY FEATURES & BENEFITS

- Flexten classical profile construction.
- High-strength Flexten® tensile members.
- Fiber-loaded Wingprene™ cushion compound.
- Wingflex™ envelope construction.
- Triple part number branding (Instapower, Classical, and Fraction horsepower).
- Oil, heat, ozone and abrasion resistant.
- Static conductive.

BUILT FOR STRENGTH AND ENDURANCE

Every element of the Instapower belt is designed to deliver premium, long-life performance in demanding outdoor power equipment service. Instapower belts are engineered to take the abuse of repeated sudden shock loads, tolerate high ambient temperatures, and resist the damaging effects of oil and dust.

The fabric cover on Instapower belts is impregnated with Goodyear's exclusive Wingprene synthetic rubber compound

for high-wear, abrasion, and oil resistance. It also resists drying and cracking, even at high temperatures. The compression section is specially compounded to provide the excellent flexibility required for a wide variety of high-stress drives. The load carrying tensile members are high-strength Flexten cable cord with proven reliability in lawn and garden applications.
