

M.D. Ramp System™

SAFETY / ANTI-FATIGUE • “WET/DRY” • BETTER™

• **Sales Tip:** Works just like a picture frame. Detailed instructions included with product. Mats can be made into any width and/or length required in 1' increments.

- For custom configuration performed on-site the patented #551 MD Ramp System™ can be purchased separately. These 100% nitrile rubber ramps fit the male/female locking system of the mat and are available as:
 - 2 foot long Male Ramps
 - 3 foot long Male Ramps or Female Ramps
 - 5 foot long Male Ramps or Female Ramps
- All Ramps lengths are beveled and molded with mitered corners and a protruding tab. The tab locks together the two adjoining ramps for a secure, professional corner. For a square edge, simply cut-off the miter following the cut line on the bottom of the ramp.
