

Fluid Handling Components

Table of Contents

Bolted Polypropylene Ball Valves

Features	2
Nozzle Valves	2
Factory Assembled Design Options	3
Flange Ball Valves	3
Ratchet Return Ball Valve	4
Compact Polypropylene Bolted Ball Valves	4
Single Union Polypropylene Ball Valves	5
Multi-Port Polypropylene Ball Valves	5

Strainers

T-Line Strainer	6
Standard Y-Strainer	6
High Capacity Y-Strainer	7

Hose Couplers, Adapters & Fittings

Couplers/Adapters	8
Nylon, Glass-Filled	9
Polypropylene, Glass-Filled	10
Polypropylene, Heavy-Duty	11
Food-Grade	12
Polyvinylidene Fluoride (PVDF)	13
Stainless Steel	14
Dust Caps and Plugs	14
90 Degree Elbows	15
PVC Couplers & Adapters	15

Fittings

Hose Nipples	16
Pin-Lug Couplings	17
Hose Menders	17
Switch Adapters	17
Pipe Caps and Water Tank Caps	17
Elbow Fittings	18
Adapters	18
Polypropylene Bolted Tank Fittings	19
Stainless Steel Bolted Tank Fittings	19
Bulkhead Fittings	19
Schedule 80 Threaded Polypropylene Fittings	20
Hose and Tube Fittings	22

Replacement Parts

Ball Valve Replacement Parts	27
Ball Valve Repair Kit	28
Locking Hasp Kits	28
Cam Coupler Replacement Parts	29
Strainer Replacement Parts	29

Fitting Material Specification 30

Basic Chemical Resistance Table 31
