

Dear Valued Customers,

As Wil-loc prepares to celebrate its 10th anniversary of business, I wanted to take this opportunity to thank all of you that have helped build our company into one of the largest suppliers of ball & socket couplings and pipe in the United States.

With your support over the past decade, Wil-loc has been able to build what we believe to be the most comprehensive line of quick-action industrial plumbing equipment available. Because of your loyalty to the Wil-loc product line, we have been able to expand our inventory levels to the largest in the nation, giving you the best access to the products you need at the very best price available.

Looking forward to our 10th year of business and beyond, Wil-loc continues our commitments to quality products and competitive pricing for you, our valued customer. At the same time, we are investing in our customer service capabilities and introducing new and innovative products to make your jobs more efficient and profitable.

Once again, I thank you for being a big part of our success, and look forward to servicing you for ten years to come.

Best Regards,

*Will Blake*
